WHY ADU?

Established in 1992, Aydın Adnan Menderes University has continued its development without compromising its scientific goals since the day it was founded. By combining its academic studies with a modern educational approach, the university offers its students an innovative learning environment.

Universities, with their contemporary and outward-looking structures, are institutions that contribute to the scientific, economic, and socio-cultural development of the cities in which they are located. Aydın Adnan Menderes University is a dynamic university that shares these qualities with society, contributes to local dynamics without deviating from its scientific goals, and has continued to grow rapidly since the day it was founded.

Applied and Student-Oriented Education

ADU aims to enhance its students' analytical thinking and problem-solving skills through an educational model that supports theoretical knowledge with practical applications.

Rich Sports Opportunities

It provides students with the physical infrastructure necessary for a healthy lifestyle through its campuses equipped with facilities such as an indoor swimming pool, sports halls, a stadium, and tennis courts.

Contribution to the Development of Aydın

ADU contributes to the development of Aydın by developing projects in fields such as health, agriculture, environment, engineering, and social sciences, and by training a qualified workforce.

Scientific and Cultural Activities

ADU enriches campus life throughout the year with theater performances, concerts, talks, and scientific events, offering students a peaceful and dynamic university experience.

Education Intertwined with History

ADU students studying in Aydın, a city surrounded by 22 ancient sites, experience an educational journey deeply intertwined with cultural heritage.

International Education Opportunities

ADU is an international university that offers its students global educational opportunities through various programs.

Strong Academic Staff

ADU has a wide academic range with 20 faculties, 3 graduate schools, 1 school of higher education, 1 state conservatory, 19 vocational schools and 28 application and research centers. With its staff consisting of experienced academicians who are experts in their fields, it directs scientific research and offers high quality education to students.

RANKING

A Rising Name in Global Rankings

1 QS EUROPE 2026 SUCCESS

Aydın Adnan Menderes University (ADÜ) achieved a significant milestone in the 2026 QS European University Rankings, released by the international higher education ranking organization QS (Quacquarelli Symonds). ADÜ ranked in the 701–900 range among all universities in Europe and secured 79th place in the Europe and West Asia region.

2 WE ARE IN THE WORLD RANKINGS!

According to the results of the Asia University Rankings 2026 released by Times Higher Education (THE), Aydın Adnan Menderes University (ADÜ) maintained its position in international higher education rankings by placing in the 601–800 range.

Our university has secured a spot in the top 40 among Turkish universities included in the ranking.

3 2025-2026 URAP RANKING

Aydın Adnan Menderes University (ADÜ) ranked 68th in the overall category of the 2025–2026 URAP (University Ranking by Academic Performance) Turkey Ranking, which is based on indicators of academic productivity and scientific impact. This achievement, evaluated based on academic criteria such as the number of articles, the quality of scientific publications, and citation performance, highlights our university's research-oriented development and academic strength.

4 ADU SHINES IN GLOBAL GREENMETRIC RANKINGS

Aydın Adnan Menderes University has achieved a significant milestone in the UI GreenMetric World University Rankings, which evaluate environmentally friendly and sustainable campus practices, rising to 754th place in the global rankings. By climbing 161 spots compared to the previous year, our university has further solidified its vision for sustainability at both the national and international levels. The high performance achieved in waste management, transportation, education, campus infrastructure, and environmental sustainability demonstrates that ADÜ is steadfastly continuing its “green campus” approach.

5 ADU'S SUCCESS IN THE SCIMAGO INSTITUTIONS RANKINGS

Aydın Adnan Menderes University (ADÜ) has achieved remarkable success in the SCImago Institutions Rankings, which are based on criteria such as research performance, innovation, and societal impact. According to the SCImago University Rankings, ADÜ ranked 43rd among Turkish universities in the Overall Ranking category and 22nd in the Societal Impact category.

6 ADU'S RISE IN WEBOMETRICS

Webometrics World University Rankings, our university achieved significant success by rising to 2,034th place globally among more than 32,000 higher education institutions. Ranked 54th in Türkiye, Aydın Adnan Menderes University (ADU) continues to improve its position each year, strengthening its presence in the digital academic landscape.

Erasmus+ Program is one of the leading international education opportunities that Aydın Adnan Menderes University students and academic staff benefit from. While students can study at partner universities or gain professional experience by doing traineeship in businesses abroad, academic staff have the opportunity to teach, receive training or improve their professional skills. Our University, which has a wide network of agreements, contributes to the academic and cultural development of many participants by sending them abroad every year.

Within the scope of the Erasmus Exchange Program; in the 2025-2026 Academic Year, we have agreements with 213 universities from 27 European countries. Foreign students can search for scholarship opportunities at <https://www.turkiyeburslari.gov.tr/>

INTERNATIONAL Students

Global Collaboration
in Education

Aydın Adnan Menderes University (ADU) aims to provide its students with an education at global standards by adopting internationalization as a strategic goal. Thanks to its collaborations with international universities, it carries out world-class projects in education and research.

A Multicultural
and International
Campus

Drawing attention with the increasing number of international students every year, ADU today hosts 649 students from 74 different countries and offers a multicultural education environment. Supporting academic success with global competitiveness, our University is moving forward with the vision of raising its students as world citizens.

INTERNATIONALIZATION

POLICY

Aydin Adnan Menderes University places internationalization at the center of its strategic development, aiming to provide students with a multicultural learning environment, strengthen international collaborations, and become an active institution in the global academic arena. In this context, our university seeks to reach global standards in higher education through exchange programs, multilingual education, international projects, and accreditation processes.

EVENTS

FROM **SCIENCE TO ART**, A FULFILLING UNIVERSITY EXPERIENCE

- ✓ Atatürk Congress Center, one of the most equipped and advanced cultural complexes in the Aegean Region, hosts numerous scientific, artistic and cultural events throughout the year. In addition, the Culture and Art Festivals organized every year are met with great interest by the students of our University. Within the scope of these festivals, popular artists are brought together with our students, and the people of Aydın experience unforgettable festival moments together with our University.

By blending art, culture and entertainment; ADU offers its students not only academic knowledge but also a social and cultural life. With increasing participation every year, these events ensure that our University is not only an educational institution but also a social meeting point.

CULTURE

CAMPUS LIFE

STUDENT CLUBS

1

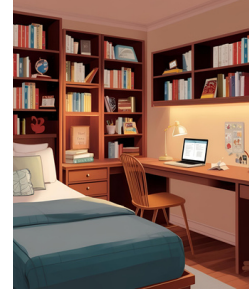

The 138 student clubs actively working at our university offer our students a wide range of hobbies throughout their education. These clubs organize a wide range of activities in cultural, artistic, sports and scientific fields, offering students the opportunity to develop themselves, focus on their interests and gain new skills.

HOUSING FACILITIES

Aydın Adnan Menderes University has a wide dormitory network in Aydın Center and in the districts where its campuses are located in order to provide comfortable and safe accommodation for its students. There are 13 dormitory directorates with a total capacity of 13,875 in Aydın province under the Aydın Provincial Directorate of Youth and Sports.

Adnan Menderes, Berin Menderes and Güzelhisar Dormitories of the Credit Dormitories Institution (KYK) are located in Aydın Central Campus. There are 3 dormitories in Efeler district, 4 dormitories in Nazilli district, 1 dormitory in each district in Kuşadası, Karacasu, Yenipazar, Sultanhisar, Koçarlı and Söke, and these dormitories offer separate accommodation options for male and female students. There are also KYK private dormitories in different districts of Aydın. This extensive dormitory network provides students with safe and comfortable accommodation and supports them to spend their university life more efficiently

2

TRANSPORTATION

3

Aydın Adnan Menderes University offers easy access thanks to its close location to the city center and public transportation networks. The campus is conveniently reachable via city buses, minibuses, and train connections. Its proximity to İzmir Adnan Menderes Airport also provides a significant advantage for students coming from other cities or abroad.

SPORTS ACTIVITIES

Aydın Adnan Menderes University has extremely modern and extensive facilities on our Central Campus to provide students with the opportunity to do sports. In our entral Campus, a large sports area is offered to students with facilities such as Indoor Sports Hall with a capacity of 2,000 spectators and Synthetic Athletics Track with a tribune for 3,000 people, football field, tennis courts and sports centers. In addition, a semi-Olympic indoor swimming pool has also been completed, creating an ideal space for students. These facilities constitute a comprehensive sports infrastructure that aims to support not only the academic success of students but also their healthy lives.

4

A GREEN AND SUSTAINABLE CAMPUS

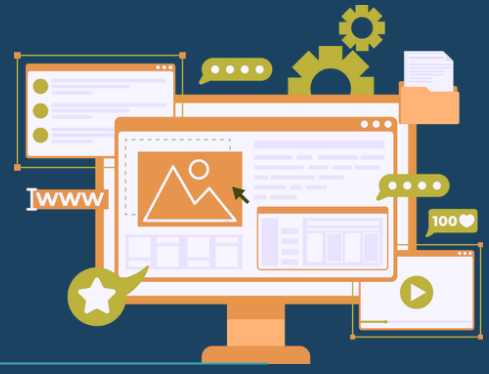

Aydin Adnan Menderes University embraces an environmentally conscious and sustainable lifestyle through its "Green Campus" approach. With vast green spaces, natural landscapes, recycling initiatives, and energy efficiency investments, the university offers students not only academic excellence but also a healthy living environment in harmony with nature. ADU contributes to ecological balance through its environmentally friendly projects and campus life driven by sustainability awareness.
